Dear Valued Plumbing Wholesale Customer,

Effective October, 5th 2009, Canplas will be making a list price change on ABS & PVC-DWV fittings. Most products will increase by 7.5%, others may increase more. Recent upward movement in the price of resin makes this increase necessary.

Printed price sheets will be available in approximately three weeks and you can access the new price list on our web site www.canplas.com starting on September 28th.

Purchases in advance of the increase may reflect up to 1/12 of your 2008 purchases.

Thanks for your business on all Canplas products.

A handwritten signature in black ink that reads "Mike Gilroy". The signature is written in a cursive, flowing style.
