

September 15, 2009

Dear Valued Customer,

This letter is to inform you that LSP will increase prices of its products for all shipments beginning November 1, 2009. The increase is required to offset escalating raw material costs and higher costs of doing business. Prices will increase as follows:

Product Category	Price Increase (%)
Aqua-Flo	5%
Rapid-Fit	5%
Specialty Products	5%
Tech Specialties	5%
Rubber insulation	5%
Innofoam	8%

The only items not getting a price increase will be our new products...Frank Pattern, and MegaPro. An updated LSP List Price guide will be available by October 15, 2009 in PDF and Excel format at [www.LSPProducts.com](http://www.LSPProducts.com).

Thank you for your continued support. As always, we will continue to work toward delivering even higher levels of service and products. If you have any questions regarding this increase or any other matters, please feel free to give us a call. We appreciate the opportunity to serve you!

Thank you for your continued support.
