---

November 22, 2010

Dear Valued Plumbing Wholesale Customers,

Effective December 8, 2010, Canplas will be making a list price change on CPVC pipe and fittings. There will be very little change on fast moving ½" and ¾" fittings but other sizes will increase from 10% to 19%. Pipe will remain at approximately the same level. Current on-factor will remain in effect.

The new list price will be available December 1, 2010 on our website, [www.canplas.com](http://www.canplas.com).

Thanks for your business on all Canplas products.

A handwritten signature in black ink that reads "Mike Gilroy". The signature is written in a cursive style.
